Rob,

Per my prior (2/14/14) email, attached is the corrected toxicity table that may be helpful to Marian during her review.

Please let me know if you have any questions.

Rob,

We discovered that during the pdfing process, we had inadvertently hidden three columns on the cancer dose-response table (Table 6-1). Attached please find a revised Table 6-1 with those columns in view (Study Animal, Study Method, Weight of Evidence/Cancer Guideline Description).

Please let me know if you have any questions, and my apologies for any confusion.

Betsy
